

OVERVIEW

THE NEW
IRXONE

THE NEW IRX ONE

- Sub \$999 US MAP entry level column speaker with premium acoustics, industrial design, and mixer features
- Based on the acoustic and industrial design of the ground-breaking EON ONE and EON ONE PRO
- 6-2" HF drivers for even front-to-back coverage
- Improved 8" bass reflex subwoofer with natural bass down to 37.5Hz
- 3CH digital mixer with easy control of a wide set of dbx, Lexicon, and Soundcraft features
- Improved generation 2 compact all-in-one design

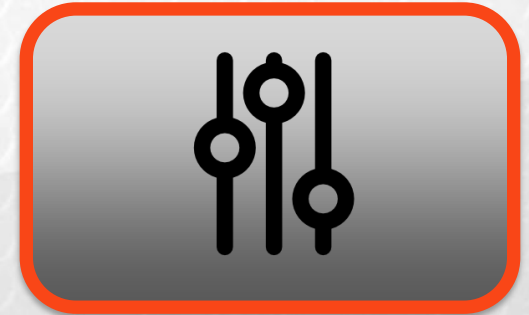

THE NEW IRX ONE

Extra-Wide Coverage

8" Woofer, (6x) 2" Drivers

3ch Digital Mixer

Bluetooth Audio

Portability and Utility

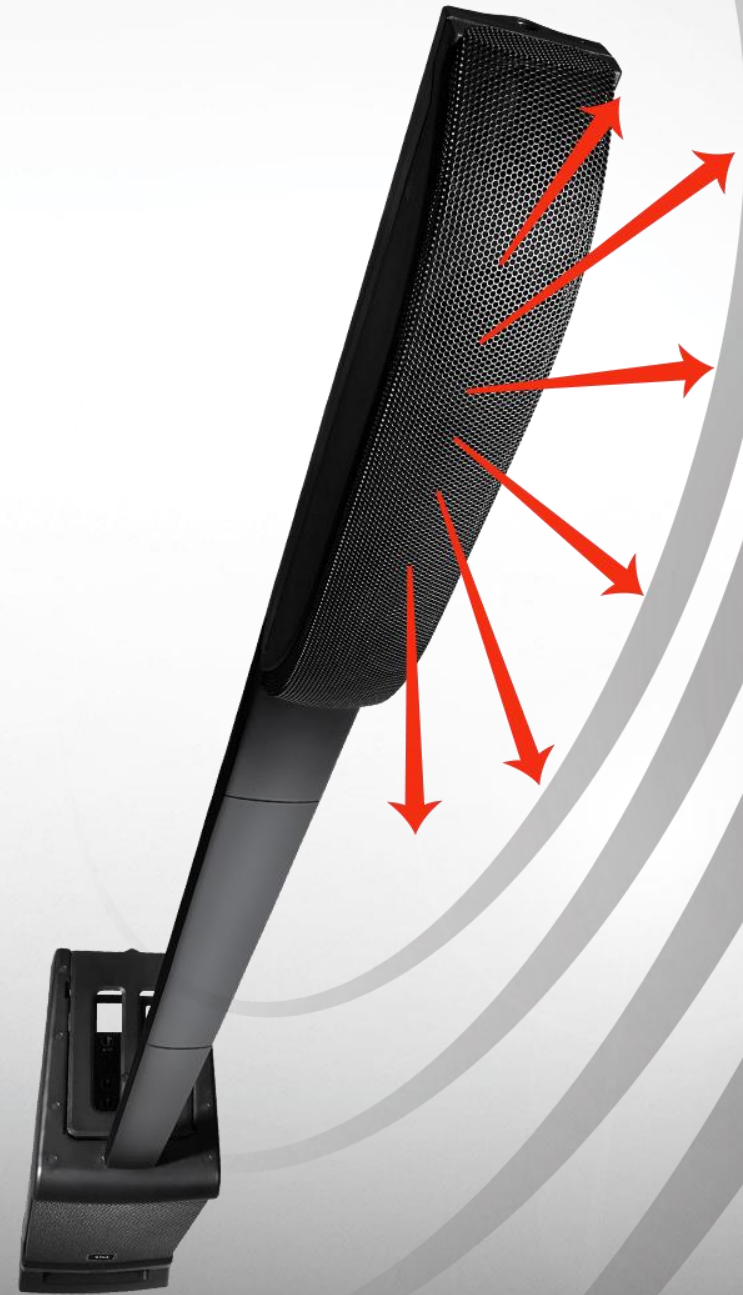

THE NEW IRXONE

DIRECTIVITY CONTROL GEOMETRY

- Similar physical characteristics to concert line arrays
- Custom tuned C-array for clarity and wider sweet spot
- Optimized angles and spacing of 6-2" HF drivers for even front-to-back coverage

THE NEW IRXONE

BASS-REFLEX WOOFER

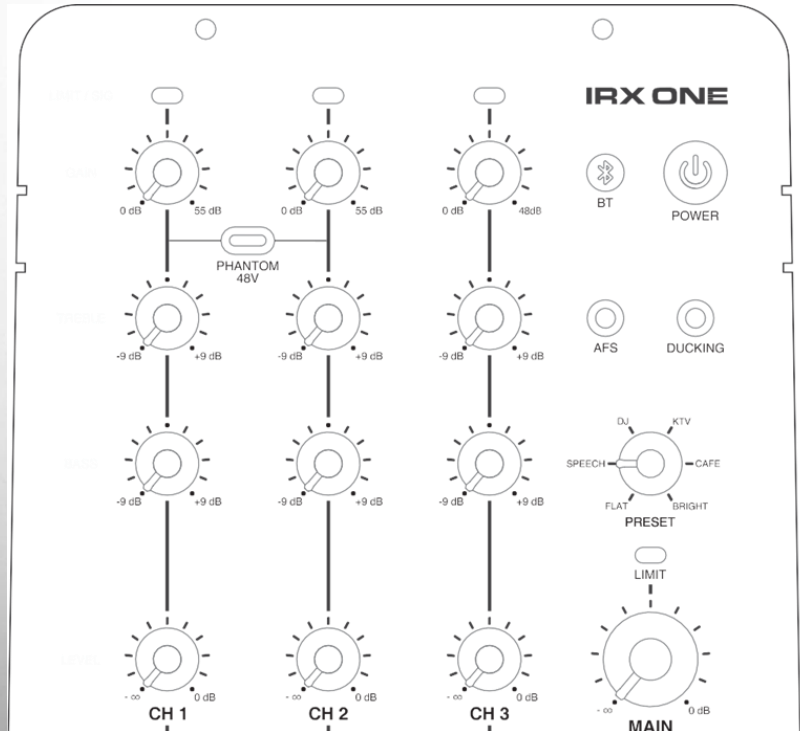

- 8" subwoofer for accurate low-frequency response down to 37.5Hz
- Bass-reflex design increases the impact of bass tones
- Spacers and high-frequency unit connect to top of speaker, leaving the bass unit unobstructed for precise, accurate sound
- 1300W Class-D amplifier for clean power up to 118dB peak SPL

THE NEW IRX ONE

EASILY CONTROL YOUR SOUND

BLUETOOTH

- 2 – XLR & 1/4” combo jacks
- 1 – 1/4” input
- Bass, treble, gain, and level
- 48V Phantom power (CH1&2)
- AFS – automatic feedback suppression
- 5 EQ presets
- 1/4” pass-thru
- Bluetooth 5.0 audio

THE NEW IRXONE

ALL-IN-ONE DESIGN

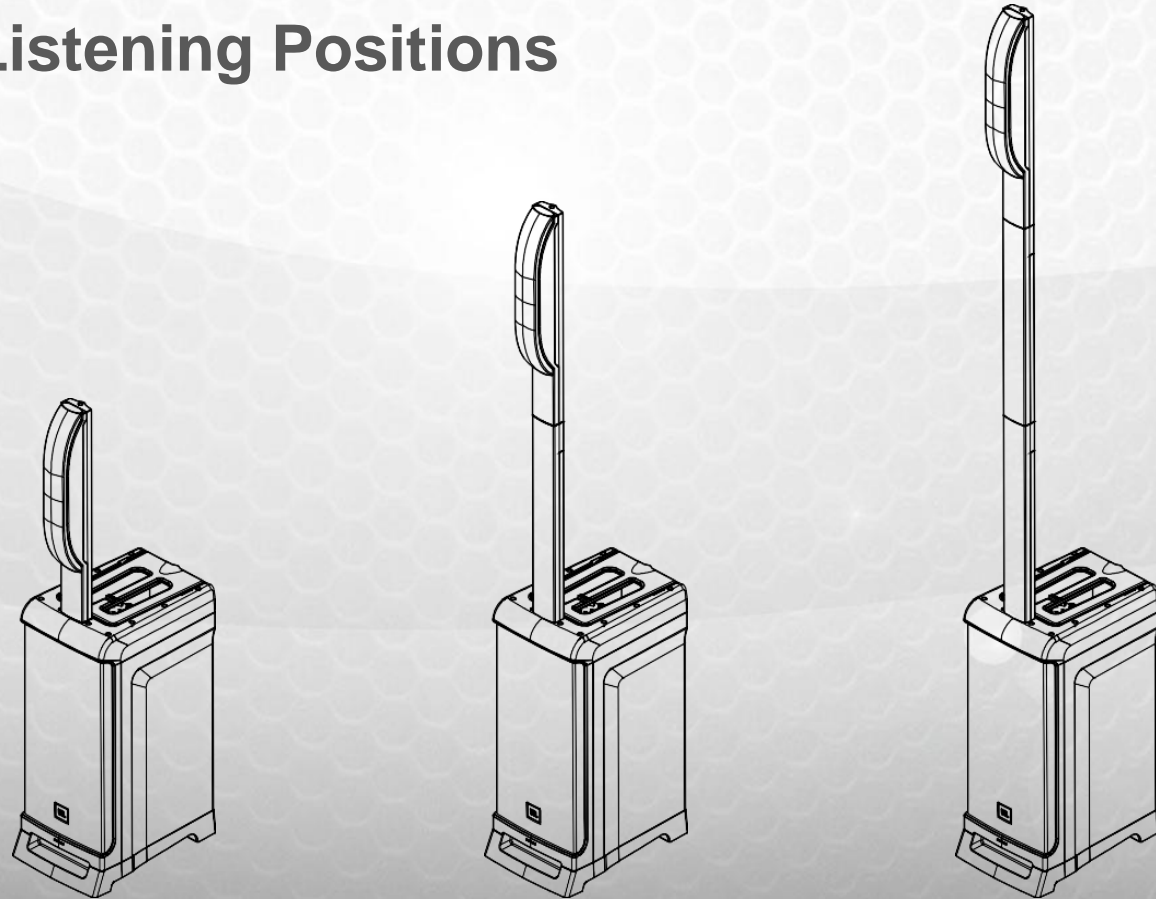

- Spacers and high-frequency unit conveniently fit into back of base unit
- Easy to carry with one hand; set up and tear down in seconds
- Vary the number of spacers if needed

THE NEW IRXONE

Three Listening Positions
